The Black Art Expo Returns to the Georgia International Convention Center on September 9th

Discover the vibrant world of Black artistry at the third annual Black Art Expo. This event will take place at the Georgia International Convention Center on September 9th to showcase an array of artistic expressions. The event features artworks created by Black artists from across the country alongside live music performances, hands-on creative workshops, and educational discussions.

This immersive experience is not just an exhibition but a gathering of the Black community—a safe space for connection and cultural exchange. Network with exhibiting artists, fellow art enthusiasts, and community leaders who are committed to fostering dialogue and understanding.

Since the inaugural Black Art Expo in 2021, the event has embodied an ever-evolving conversation about Black art, creative entrepreneurship, community engagement and more. For the 2023 Black Art Expo, each artist was invited to present their most compelling artwork while also drawing from important themes like “Black Excellence” and “Art and Technology.”

In the coming weeks, additional Black Art Expo artworks and information about performances, workshops, and other aspects of the event will be added to the event website at blackartexpo.com.

This is a must-attend event for every individual who appreciates the profound impact of Black artists. General Admission and All-Access tickets are available for purchase at blackartexpo.com/tickets.
